QUALIFICATION SYSTEM – GAMES OF THE XXXI OLYMPIAD – RIO 2016

K4 events (Men and Women)

All the athlete quota places will be allocated at the 2015 ICF Canoe Sprint World Championships.

The 10 best ranked NOCs from the 2015 ICF Canoe Sprint World Championships will receive four (4) athlete quota places each.

There must be at least four (4) continents represented in the 10 best ranked NOCs.

In the case that there are less than four (4) continents represented in the 10 best ranked NOCs, then the tenth (10th), ninth (9th) and if necessary, the eighth (8th) ranked place(s) will be given to the next best ranked NOC at the 2015 ICF Canoe Sprint World Championships from a continent without any K4 athlete quota places.

Qualification in the same boat category over two distances at the World Championships

Where the same athlete qualifies an athlete quota place in the same boat category but for two (2) different distances (for example: Men's K1 1000m and K1 200m) the NOC will be attributed the place in 1000m for men or 500m for women. The unused athlete quota place in the 200m distance will be reattributed to the next best ranked NOC in that event, not yet qualified.

Qualification in different boat category over same distance at the World Championship

An athlete who qualifies more than one (1) athlete quota place at the 2015 ICF Canoe Sprint World Championships in different boat categories (i.e. K1, K2, K4 or C2 and C1) will be attributed only one (1) athlete quota in the largest qualified boat class (regardless of how many places that athlete qualifies in other events). The remaining athlete quota place would be reallocated to the next best ranked NOC not yet qualified using the following procedure:

i) On completion of the 2015 Canoe Sprint World Championships, should two (2) athlete quota places be available from team boats in the same gender and category (for example: Men's Kayak, Men's Canoe or Women's Kayak) then the places will be added together and given to the next best ranked NOC not yet qualified in that category (1000m distance for Men and 500m for Women).

ii) On completion of the 2015 Canoe Sprint World Championships, if one (1) athlete quota place is available from team boats then the reallocated athlete quota place will be used to fill team boats where an athlete quota place is required within the same category and gender (for example: Men's Kayak, Men's Canoe or Women's Kayak) to complete a boat quota starting with largest distance and largest boat.

iii) If the athlete quota place is unable to fill team boats following the procedure outlined above then the place will be returned to the single events (i.e. K1 Men, C1 Men, K1 Women) in the same category and distance from which the athlete quota place came from.

Continental Qualification Events

Only an NOC that has not obtained any athlete quota place in an event at the 2015 ICF Canoe Sprint World Championships can participate in the respective Continental Qualification in order to obtain a quota place in that event.

A minimum of three (3) NOCs must contest each athlete quota place at the Continental Qualification for the event to be eligible. If there are not three (3) NOCs in each event then the athlete quota place will be returned to the ranking of the 2015 ICF Canoe Sprint World Championships in that event and reallocated accordingly irrespective of the continent.

The number of athlete quota places available at the Continental Qualification Events are:

Each continent will be given one (1) athlete quota place for single boats to be won at each Continental Qualification Event. For the European Continental Qualification Event two (2) athlete quota places will be available per event.

K2 events (Men and Women)

Two (2) athlete quota places will be contested at the European Continental Qualification Event for the 1000m and 200m K2 Men's events and the K2 Women's 500m.

In K2 Men's and Women's events the three (3) next best ranked NOCs from three (3) different continents (excluding Europe) at the World Championships will earn that Continent two (2) athlete quota places each. The two (2) places will then be contested at each respective Continental Qualification Event.

C2 Men's Event

For Men's C2 1000m two (2) athlete quota places will be given to each continent and Europe will have four (4) athlete quota places available.

Maximum quotas at Continental Qualification Events

An NOC can qualify a maximum of two (2) athlete quota places in the Men's Canoe category at the Continental Qualification Events.

If an NOC obtains more than two (2) athletes quota places at the Continental Qualification

QUALIFICATION SYSTEM – GAMES OF THE XXXI OLYMPIAD – RIO 2016

Events in the Men's Canoe category they will need to return the additional places. Any remaining athlete quota place will be given to the next best ranked NOC, not yet qualified, from that Continental Qualification Event, in the event that the NOC returns the athlete quota place.

Qualification in the same boat category over two distances at Continental Qualification Events

At the Continental Qualification Events an NOC can only qualify one boat per category regardless of the distance (For example: K1 1000m and 200m or K2 1000m and 200m). Should the NOC qualify in both distances in the same boat category then the NOC will be attributed the place in 1000m for Men or 500m for Women. The unused athlete quota place in the 200m distance will be reattributed to the next best ranked NOC in that event, not yet qualified.

Qualification in different boat category over same distance at Continental Qualification Events

An athlete who qualifies more than one (1) athlete quota place at the Continental Qualification Event in different boat categories (i.e. K1, K2 or C2 and C1) will be attributed only one (1) athlete quota in the largest qualified boat class. The remaining athlete quota place would be reallocated to the next best ranked NOC not yet qualified using the following procedure:

- i) If two (2) athlete quota places are available from team boats in the same gender and category (For example: Men's Kayak, Canoe or Women's Kayak) then the places will be added together and given to the next best ranked NOC not yet qualified in that category (1000m distance for men and 500m for women).
- ii) If one (1) athlete quota place is available from team boats then the reallocated athlete quota place will be used to fill team boats where an athlete quota place is required within the same category and gender (For example: Men's C2 or Men's K2 and/or Women's K2).
- iii) If the athlete quota place is unable to fill team boats following the procedure outlined above then the place will be returned to the single events (i.e. K1 Men, C1 Men, K1 Women) in the same category and distance from which the athlete quota place came from.

HOST COUNTRY PLACES

Should the Host NOC not manage to obtain an athlete quota place in each respective category (i.e. Men's Kayak, Women's Kayak and Men's Canoe), it will be entitled to receive one (1) athlete quota place in the following events:

- Men's Kayak Single (K1) 1000m
- Men's Canoe Single (C1) 1000m
- Women's Kayak Single (K1) 500m

TRIPARTITE COMMISSION INVITATION PLACES

Two (2) Tripartite Commission Invitation Places in single boats are made available to eligible NOCs at the Rio 2016 Olympic Games.

QUALIFICATION SYSTEM – GAMES OF THE XXXI OLYMPIAD – RIO 2016

To be eligible for a Tripartite Commission Invitation Place the athlete must have participated in at least one Olympic Qualification Event. The Tripartite Commission Invitation Places for Canoe are only available in single boats.

The International Olympic Committee (IOC) will invite all eligible NOCs to submit their requests for Tripartite Commission Invitation Places (date TBC). The Tripartite Commission will confirm, in writing, the allocation of invitation places to the relevant NOCs after the end of the qualification period for the concerned sport (date TBC).

Detailed information on Tripartite Invitation places is contained in the “Rio 2016 - Tripartite Commission Invitation Places – Allocation Procedure”.

E. CONFIRMATION PROCESS FOR QUOTA PLACES

Within two weeks following each qualification event, the ICF will publish the results on its website at www.canoeicf.com, publish in Paddleaway (ICF Internal newsletter) and inform the respective NOCs/NFs of their allocated quota places. The NOCs will then have *10 working* days to confirm if they wish to use these quota places, as detailed in paragraph **G. Qualification Timeline**.

F. REALLOCATION OF UNUSED QUOTA PLACES

REALLOCATION OF UNUSED QUALIFICATION PLACES

2015 ICF Canoe Sprint World Championships

If an allocated quota place from the 2015 ICF Canoe Sprint World Championships is not confirmed by the NOC by the confirmation of quota place deadline or is declined by the NOC then the quota place will be reallocated to the next best ranked NOC in that event, not yet qualified. This process will be repeated until all places are allocated.

Continental Qualification Events

i) If an allocated quota place from the Continental Qualification Events is not confirmed by the NOC by the confirmation of quota place deadline or is declined by the NOC, the quota place will be reallocated to the next best ranked NOC in that event at that Continental Qualification Event, not yet qualified. The process will be repeated until all places are allocated.

ii) In the case where there are no more eligible NOCs that can gain an athlete quota place from the Continental Qualification Event, the next best ranked NOC from that continent in the same event at the 2015 ICF Canoe Sprint World Championships, not yet qualified, will be allocated the quota place.

iii) In the case that no further NOCs from the same continent can gain a place from the 2015 ICF Canoe Sprint World Championships the athlete quota place will be given to the next best ranked NOC from the 2015 ICF Canoe Sprint World Championships, not yet qualified, regardless of continental representation.

If an athlete quota place is not filled from the procedures outlined above, the ICF Executive Committee would then reallocate the remaining quota place to the next best ranked NOC, not yet qualified in Canoeing, based on the results of the 2015 Canoe Sprint World Championships across all Olympic events.

QUALIFICATION SYSTEM – GAMES OF THE XXXI OLYMPIAD – RIO 2016

REALLOCATION OF UNUSED HOST COUNTRY PLACES

REALLOCATION OF UNUSED TRIPARTITE COMMISSION INVITATION PLACES

If the Tripartite Commission is not able to allocate a Tripartite Commission Invitation Place, it will be reallocated to the next best ranked NOC from the 2015 ICF Canoe Sprint World Championships that has not qualified any quota place in the sport of Canoe (Canoe Slalom/Canoe Sprint).
